An epitome of paradise, the island welcomes with jetties threading across the crystal clear water out to spacious villas, powder white beaches and rich marine life in coral gardens.

Made up of 1,192 coral islands that are grouped into 26 atolls, the Maldives stretches over 800 kilometres across the Indian Ocean. Only about 200 of these islands are inhabited.

Gili Lankanfushi is set on the private island of Lankanfushi in the North Malé Atoll. The surroundings are teeming with marine life

and the resort has its own fully-equipped PADI diving school plus a variety of water sports. This place tops the list of must-do destinations for those in the know.
