

## LOCATION

Nika Island Resort & Spa is located on the western rim of North Ari Atoll (73Km far from Male International Airport ). It's possible to reach Nika with a brief 20/25 minutes flight by seaplane. The arrival platform of the seaplane it's connected to the island.

## OUR HISTORY

Nika is "the place to be", a platform where local heritage meets Mediterranean life-style. Nika has to be considered as a piece of history of the Country, being one of the first islands that started the concept of tourism in the Maldives, back in 1983.

Nika is the island where "nothing has changed". An everlasting "thing of beauty", that is not subjected to the disruptive impact of the Hospitality Industry that is shaping the Country. Nika represents "the Maldives that used to be", the Idyll in the middle of the Indian Ocean.

Nika is a perfect example of a boutique hotel that breaks the dynamics of big international brands that are reshaping the Maldivian hospitality industry. Nika is a heady mix of Italian lifestyle and Maldivian traditions; a unique platform where heritage and natural beauty meet together.

## ACCOMODATIONS

All of its 43 villas have been built according to the traditional Maldivian architectural style. Being one of the first resorts built in the country, everything on the island has been built using coral blocks, coconut palm trunks and palm leaves.

A collection of antiques and unique Maldivian pieces of art decorate the interiors of all the villas.
