## MUSIC IS THE LANGUAGE OF EMOTION

**PATINA MALDIVES MOVES TO MUSIC. OUR PARTNERSHIP WITH GLOBAL MUSICOLOGISTS, MAV, HAS REVEALED THE SOUNDTRACK TO OUR UNIQUE PULSE. DIFFERENT ENERGIES FOR MYRIAD EXPERIENCES. SOUNDS AND VIBES THAT FOLLOW AND FORM THE FLOW.**

At Fari Beach Club, food and tunes play out as one. In our restaurants, flavours, provenance and island location are matched with sound. At our wellness heart, FLOW, IRIS technology triggers positive brain activation through audio.

Once booked, guests can access the Patina app and playlists curated to reflect their individual preferences. This personalised sensorial welcome becomes their first experience of Patina Maldives. While on the island, DJs and artists play live, and music captures the essence of the moment, the time of day and mode of play. And beyond their time here, the music remains as a way to tap back into the feeling of being at Patina Maldives.

# ART IS A VIEW OF THE WORLD

ART HAS THE POWER TO SEDUCE, PROVOKE, SOOTHE AND INSPIRE. IT MOVES US, MAKES US QUESTION WHAT WE KNOW, AND REPOSITIONS OUR RELATIONSHIP WITH THE WORLD. THROUGHOUT THE ISLAND, ART IS GIVEN A VOICE. THE MANY TEXTURES, FORMS, ATTITUDES AND EXPERIENCES OF OUR COLLECTION LIVE TOGETHER AS AN EXPRESSION OF THE CONTINUOUS CADENCE OF LIFE.

GLOBAL ICON JAMES TURRELL IS THE WISDOM AND MAVERICK BEHIND OUR KEY PIECE, SKYSPACE.

THIS AUTONOMOUS STRUCTURE EXPLORES SPACE AND THE LIGHT THAT INHABITS IT. TURRELL ASKS THAT WE ALSO INHABIT THE SPACE AND EXPLORE OUR PERCEPTION OF FORM. UNDER THE MALDIVIAN SUN, THE APERTURE FOCUSES OUR SENSES ON THE PULSE AND PURITY OF NATURE.

The Artling's leading art hunter, Talenia Phua Gajardo, brings her architecture and design expertise together with her renowned eye for works of resonating presence by emerging and leading talent. For Patina Maldives, this has realised an island-wide collection of expressive pieces by international artists, a permanent art gallery, and an artist in residence program. The mediums are vastly varied. And the spaces they occupy are linked as stops on a journey of discovery, wonder, reflection, identity and interaction.

At The Portico, textile constructions of Japanese artist Hiroko Takeda push the limits of material to explore the welcome emergence of fluidity from precision.

Prints by Brazilian fine art photographer Cássio Vasconcellos are found in the villas, capturing the exuberance of tropical nature.

The images appear to have the quality of landscape painting and lithographies of the early 19th century due to a photographic process created for the series. They are hypnotic in their detail and curious in their articulation of time and creative process.

Filipa Frois Almeida and Hugo Reis of experimental Portuguese studio FAHR 021.3 have conceptualised and built an architectural form of intervention in our beach landscape. Its presence punctuates nature just enough to magnify its majesty. And its anatomy invites touch and thought.

***“IN SUCH A UNIQUE LOCATION, ARCHITECTURE’S ROLE IS TO ENHANCE THE EXPERIENCE OF THE ASTONISHING SURROUNDINGS. IT MAY BE BY FILTERING THE LIGHT, FRAMING THE VIEWS OR CREATING VARIOUS NARRATIVES FOR EACH BAREFOOT STROLL AROUND THE ISLAND. ARCHITECTURAL LINES AND TEXTURES MEDIATE THE CONNECTION BETWEEN NATURE AND THE HUMAN BODY. RATHER THAN SCULPTURES, WE LOOK FOR POETIC SPACES.”***

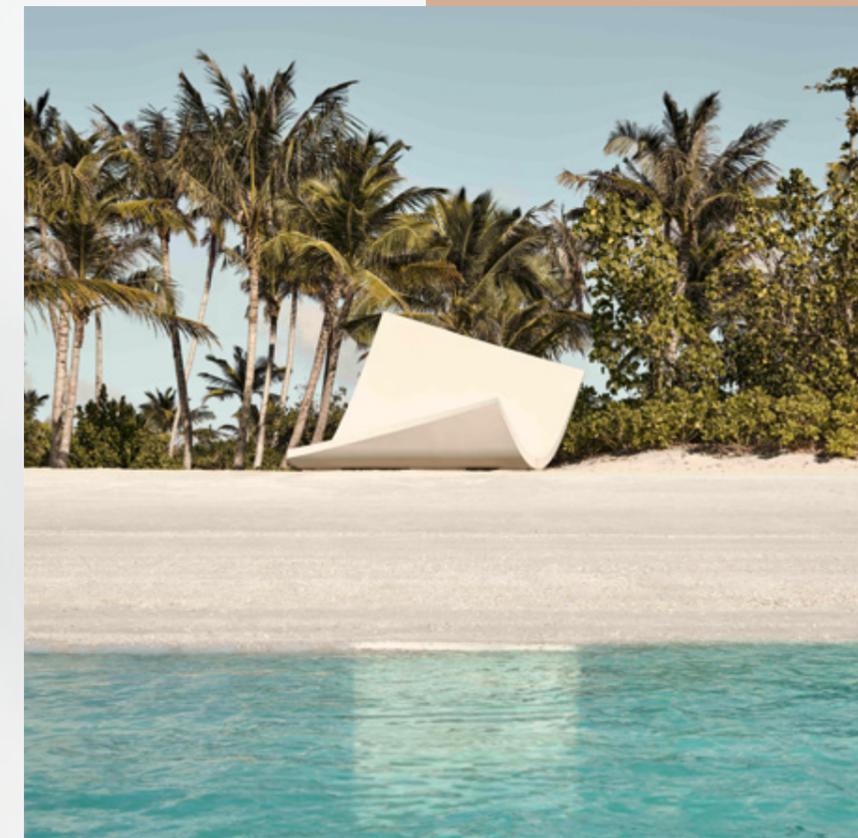

**– MARCIO KOGAN**

The power of transformation is explored through an installation of striking mirrored columns by Chinese artist Hongjie Yang. Through experimentation with raw materials and fabrication technologies, he blends fact with fiction, reality with fantasy to interpret life’s liquidity. In the context of our island’s otherworldly grace, his works stand as a playful, experiential dimension.

In the water sports centre, a wall displays a playful feature of Ropes and Woods by Canadian artist Annie Lajeunesse. She is inspired

by the transformative process of bringing life to everyday objects through hand-painting hardwood objects in bold graphical colour.

And in every building – from guest accommodation to Fari Marina Village’s many restaurants – the art of architecture and design is brightly evident. Brazilian visionary Marcio Kogan and his Studio MK27 team have integrated buildings into the island’s lines with soulful sensitivity.

There's an exploration for every type of mind. In Fab Lab, budding engineers can turn recycled ocean plastic into models using 3D printing and laser-cutting technology. The culinary studio invites hungry young minds to unearth the benefits of local, organic sourcing and enjoy delicious sustainable plant-based food. Out in the ocean, budding marine biologists can take free diving lessons or go shark spotting with the team that awards PADI dive certifications to local children in the mission to raise next-generation awareness of the precious ocean environment.

## A SOURCE OF INFINITE RESPECT

THE PROMISE OF SUSTAINABILITY IS ALIVE IN EVERY FACET OF PATINA MALDIVES. CENTRAL TO OUR ETHOS IS THE DESIRE TO ENGAGE OUR GUESTS IN THE NEEDS AND NURTURE OF NATURE. WE CALL IT PERPETUALITY. OUR NEVER-ENDING JOURNEY TO MAKING A POSITIVE IMPACT ON OUR WORLD AND THE PEOPLE IN IT.

DAY-TO-DAY, PERPETUALITY INFLUENCES OUR WAYS OF WORKING AND BEING. OUR KITCHENS OPERATE ON A ZERO-WASTE BASIS. THERE ARE NO SINGLE-USE PLASTICS ON THE ISLAND. THE SUN IS HARNESSSED AS POWER. AND A PERMACULTURE GARDEN REDUCES FOOD MILES AND ENCOURAGES GUESTS TO FORAGE AND LEARN ABOUT ORGANIC GROWING, SOIL HEALTH AND THE POTENTIAL OF PLANT-BASED NUTRITION.

OUR ISLAND HOME IS A PRIVILEGE TO TREASURE. WE ARE COMMITTED TO ENGAGEMENT IN BLUE CARBON NEUTRALITY PRACTICES AND SUPPORT OF THE OLIVE RIDLEY PROJECT THAT'S DEDICATED TO INJURED SEA TURTLE RESCUE AND REHABILITATION. TO ENRICH THE HEALTH OF OUR PRECIOUS UNDERWATER WORLD, WE HAVE A MARINE CONSERVATION TEAM THAT PROPAGATE AND PROTECT CORALS.

AS A MEMBER OF THE FARI ISLANDS COLLECTIVE, WE CONTRIBUTE 1% OF GROSS OPERATING PROFITS TO FUND INITIATIVES THAT SUPPORT MALDIVIAN WOMEN AND CHILDREN, FOCUSING ON COMMUNITIES MOST HEAVILY IMPACTED BY GLOBAL CLIMATE CHANGE. IT ALSO MEANS THAT WE CAN GIVE OUR YOUNGER GUESTS AND LOCAL MALDIVIAN CHILDREN THE GIFT OF AWARENESS. WITH FREE PADI DIVE CERTIFICATES AND LESSONS, THEY CAN CONNECT WITH THE OCEAN AND LEAD THE WAY AS THE NEXT GENERATION OF MARINE AMBASSADORS AND PROTECTORS.
