A wide, white sandy beach curves along the bottom of the resort, with rows of yellow lounge chairs and green umbrellas. The turquoise water of the lagoon is visible in the foreground, transitioning into a deeper blue ocean in the background under a clear sky.

SWIMMING SAFETY

- Please note that we do not have a life guard on duty and swimming is at your own risk.
- Never swim alone - use the buddy system. Don't overestimate your swimming ability. A lot of people are used to swimming in the pool, in still water. Conditions are different in open water, and distance and direction are affected by currents. If you find yourself in a strong current, it is best not to tire yourself by trying to swim against it, rather swim diagonally across it, until you reach shore, further down the beach.
- Always wear full snorkeling equipment including fins.
- Always evaluate the conditions and do not go out when there is strong wind, choppy seas or bad weather. Please avoid swimming when it is dark.
- Never swim while intoxicated. Alcohol impairs judgement, unnecessary risks are taken and a swimmer will tire more easily, increasing the chance of an accident. Alcohol is a contributory factor in one third of all major incidents in the water.
- Even the Maldives have warm waters; the water is still relatively cool compared to your body temperature. This can lead to hypothermia. Heat dissipates a lot quicker from muscles, arms and legs. Once arms and legs start to lose heat then you have no power in them. This leads to not having the power to swim the distance to get back. That is why people get into trouble in the water. So limit your swimming time.
- If you experience problems while swimming and snorkelling please follow these procedures:
 - 1) Stay calm and don't panic
 - 2) Take off your mask and snorkel
 - 3) Turn on to your back and swim backwards
 - 4) Wave your hands to signal that you need help

STAYING SAFE UNDERWATER & ON LAND

The key is simply don't touch. Sea creatures tend to stay away from humans, the titan triggerfish is the only fish that will actually come for you if you get too close during its mating season. It will tilt sideways and fly at you fearlessly. Usually these are bluff charges and you should swim away promptly and horizontally. Please do not take anything from the sea or beach, bring back home only memories.

Drink enough water...Minimum 2 litres a day, the more the better. Drinks, such as soft drinks, coffee, or alcohol-containing beverages, are no substitute for water. Although they contain water, they also contain ingredients which are dehydrating. GO ONE FOR ONE. When you consume alcohol, drinking almost the same amount of water is recommended in between drinks.

TESTIMONIALS

The best vacation ever!

"We went for our honeymoon to SAii. It is absolutely beautiful and magical. The staff is super friendly and courteous. The location is so so pretty. We stayed in a overwater villa which is of excellent quality with beautiful view. The sea extends for about 500m ahead with water upto hip level. They provide life jackets and snorkeling gear to each villa so we had a fab time snorkeling and seeing beautiful fish.

On arrival to the airport we were taken to the resort in a speedboat and had a very warm welcome. The SAii app is very helpful and the staff was responsive to our messages and requests.

We rented bikes so we cycled all over the island and to the marina as well as the hard rock hotel for meals.

The food at SAii was so good and had a good range of everything.

The pool bar and the restaurants are superb and we had a once in a lifetime experience there.

They have excellent photo locations and activities. We did kayaking, pedaling etc and went for a dolphin watching cruise. They have activities lined up for everyday at affordable prices.

They have a MIY lab, where you could make your own amenities which was nice.

We could not try out the spa though. Everything was excellent and we would definitely visit again!

Much love to everyone there!♥"

Amazing Resort

"This resort exceeded my expectations. The resort was super clean, and the staff from the resort maintenance people to the manager were so so friendly. A kudos go out to all of the resort maintenance people. They work so hard to keep that resort in top condition. Rake leaves, touching up palm trees, fixing up the roads after rain. This resort is a must. Its close proximity to Male was also a plus. Staff workers Rejina the Queen, Shix, Eddy, Rasheed and Mahi our room attendant. These are just a few of the amazing people at this resort. All of these people and more took time out of their day to have a conversation asking how we were. There were so many more people, these are just a few."

Stunning, Amazing, Must Visit

"Very rare that you visit & Holiday somewhere and it is 100% as described & pictured. We visited SAii Lagoon Nov. 2022 and it has been simply amazing, stunning rooms, 360 Views, The staff here are above & beyond incredible with their service, help, professionalism & cheerful politeness If you haven't been to the Maldives it is a must do, put it on your "Places to Visit" We had an over water villa, the room is spacious and the views out of this world while stepping straight into the refreshing waters.. There's plenty of eating options with various types of restaurants a great pool bar with Horizon Pool, many different areas on the Island to swim, snorkel, paddle board ect... Thankyou all at SAii Lagoon, you made our stay a very special one and all your staff are an amazing..."

Unbelievable Beauty

"Was fortunate to have come to Maldives for business!! The SAii resort and accompanying Crossroads Marina and Hard Rock Resort (all connected in the Atoll) were nothing short of amazing! The beach level room gave sufficient privacy while offering private access to an amazing beach. Was so nice to start the day with a morning swim with tropical fish.

The room was "spotless" clean and contained everything one would need for a wonderful stay (King bed, mini bar, snacks). The bathroom had two sinks a shower with both traditional, adjustable, shower and rain shower.

Breakfast was included with my stay and had a huge variety of dishes to select from with eggs to order, fruit, salads, and pastries.

Best of all the staff was accommodating and so very friendly from start to finish - they made me feel like family and I truly appreciate their kindness and hospitality.

Amazing week in the Maldives. Thank You!!!"
