NOONU ATOLL - MALDIVES

CONCEPT

An inclusive narrative in an exclusive environment, Soneva embodies the future of personalised exploration and luxury hospitality. Intelligent luxury is our guiding principle. It fuels our desire to challenge and fully understand what true indulgence is in today's context.

We are cognisant that modern travellers seek 'purity' and a profound sense of purpose; a singular context in a multi-dimensional world. They seek destinations and experiences that elevate, through a degree of disconnection and find time to be immersed in the luxury of self-discovery.

MANAGEMENT

Soneva Jani is the latest resort of Soneva, a world leading sustainable luxury resort operator. Soneva's core purpose, SLOW LIFE, stands for Sustainable, Local, Organic, Wellness, Learning, Inspiring, Fun and Experiences explains our philosophy, which is to create unforgettable, enlightening experiences that illuminate lives whilst treading lightly on the earth.

LOCATION

An archipelago of 1,192 coral islands grouped into 26 coral atolls, the Maldives presents a seamless blend of unrivalled seascapes, stunning white-sand beaches and an amazing underwater world. Soneva Jani is located on the island of Medhufaru, set in the Maldives' Noonu Atoll. The highlight of the island cluster is the 5.6 kilometre private lagoon that surrounds it; home to a mesmerising collection of sea life that include turtles and dolphins.

Travellers of today come from a different school of thought far from those of the past, when some of the more traditional indulgences were established. With this in mind, the experience we have created at Soneva Jani is beautifully detached from an urban scenario. Inspired from a word that means 'wisdom' in Sanskrit, Soneva Jani is a five-island cluster, nestled within a lagoon of crystal clear waters, surrounded by pristine beaches and blanketed in lush tropical greenery.
